## GOVERNOR MABEY CUSTS THREE CONFERENCE TACKLES FINANCE QUESTION

### PEOPLE'S BEST HANDS STRIVE FOR WAY OUT

Workable Plan for Straightening Out Finances Is Objective  
COMMITTEE IS NAMED  
Each Want to Be Judged By Their Deeds Not Words

NOAA, April 14.—(By the Associated Press.)—Europe's financial situation brought to the front for consideration at today's sessions of the conference, further discussion of financial matters having been postponed until tomorrow.  
Based on the controller of finance of the British treasury, called special committee of the conference, further discussion of financial matters having been postponed until tomorrow.

**FRENCH STATE POLICY**  
Mr. Barthou's address before the French and American newspaper correspondents yesterday, the report of which was widely commented on, was interpreted as indicating that while persistently conciliatory, the French government was determined to play no second fiddle to the English.

**EXISTENCE AT STAKE**  
The sketching of France's contribution to civilization in arts, literature, science, and the very existence of France which is at stake, and the vain enough to believe that the still needs France. We are not ready to work in the great task of Europe; for work, not words, is the great need of the hour. France is to be judged by her acts, not by her words.

**POPE IS THANKED**  
With the German chancellor, heads of the German delegation to conference, today visited Monsignor, archbishop of Genoa, to express appreciation of and gratitude for the interest displayed by Pope Pius in the work of the conference. Already had been beneficially affected by the gathering, said Dr. Wirth.

**ASKS FOR ADVICE**  
RIS, April 14.—(By The Associated Press.)—The disarmament question may be raised some time or other, probably will be unable to stop the production of arms and munitions. If such an eventuality arises, it is the government's instruction.

**CLOSELY FOLLOWED**  
Premier Poincare and his cabinet closely following the proceedings in view of circumstances are taken in official circles as being to introduce the idea of a loan at every opportunity and the Germans are seeking a chance to ask the question of reparations with economic reconstruction of Europe.

## GENERAL SEMENOFF HELD IN NEW YORK JAIL

### COSSACK SAYS HE COMMITTED NO ATROCITIES

Wife Again Comes Forward With Offer of Jewels for Release  
**BONDS ARE REFUSED**  
Siberian General Puts in Strenuous Day Prior to Arrest

NEW YORK, April 14.—An effort to get General Semenov, "attaman" of the Cossacks out of jail today was defeated when Supreme Court Justice Delahanty denied an application of Ezra P. Prentice, his attorney, to cancel the civil warrant under which the general was arrested. Attorneys for General Semenov served notice on Justice Delahanty that they would appeal his decision to the appellate court and would continue their efforts to secure his release.

**BONDS REFUSED**  
Several surety companies refused to furnish bonds for Semenov, pleading "patriotic reasons" for their action. As a result, the general surrendered shortly after 4 o'clock. He declared his occupation was "lieutenant general" and that he was 32 years old.

**COLONEL ARRESTED**  
Just before noon, Colonel George Kroupsky who was Semenov's chief aide in Russia and is now helping him here, was stopped by a policeman on Broadway and searched. Kroupsky had a revolver and narrowly escaped going to jail himself. He was held until he finally understood what was required and showed a permit.

**EXPLORE BRING LOOT FROM JUNGLE**  
NEW YORK, April 14.—Bringing two and a half tons of specimens, including bugs, roots, plants, fish, birds and monkeys; tales of disease, and of constant battle against the deadly creatures of the tropics, three members of the Mulford expedition party departed here today after spending 10 months in South American jungles.

The men were Orland E. White, biologist; Nathan Pearson, ichthyologist; and Dr. William T. Mann, entomologist.  
The expedition went to South America under the leadership of Dr. H. H. Rusby, of Columbia University, to explore the Amazon valley. Dr. Rusby was forced to return several weeks ago, suffering from malaria fever and an ulcerated throat.  
The returning explorers said that they were sometimes forced to eat monkeys when food became scarce, and explained that young monkeys were considered a rather delicate food morsel.

### Father Kills Bird Carrying off Baby

GENEVA, April 14.—Seizure of a Swiss peasant's baby by a huge bird identified as a condor is chronicled by the Oberlander Volks Zeitung. The mother, while weeding her garden on the slopes of the high Hasliberg mountains, left the child sitting on a blanket on the grass. Her husband, seeing the condor swoop down and lift the infant into the air, ran for his army rifle and shot the bird, which fell so slowly that the youngster was only slightly injured.  
The condor had a wing spread of 17 feet 5 inches and the beak was 16½ inches in length. That it is a true condor, which is a native of the South American Andes, is vouched for, according to the newspaper, by Professor Ochsenmaul, University of Berne.  
It will be stuffed and placed in the Berne museum.

### COAST TO WAR ON GANGS OF BOOTLEGGERS

Armed Yachts and Battle Planes Will Combat California Rum Carriers

SAN FRANCISCO, April 14.—Armed sea-going yachts and war airplanes to combat the ring of international bootleggers said to be flooding Pacific coast cities with thousands of gallons of smuggled liquor monthly will be requested of Secretary of Treasury Mellon. It was made known today as the result of a conference between William B. Hamilton, San Francisco collector of customs, and Millard T. Harrison, collector of customs at Seattle.  
Hamilton came to San Francisco to confer with Hamilton on means of meeting the situation on the Canadian border. Hamilton left last night for Washington for the purpose, it was said, of presenting the request for air and sea fighting craft to use in war on the traffic. Hamilton said before leaving that fleets of swift aviators were entering the United States with liquor loads of 15 rods from Canada and fleets of fast yachts were bringing whiskey and gin by water.

### WILSON CAUSE WILL TRIUMPH, SAYS COX

LAFAYETTE, Ind., April 14.—Addressing the Democrats of Indiana at the twenty-fifth annual Jackson club banquet in this city, James M. Cox, Democratic candidate for president in 1924, declared that the cause for which Woodrow Wilson fought and suffered with triumph in the end, he asserted that the league of nations, though "vilified by Republican politicians and sneered at by the unknown" was functioning with remarkable efficiency and proving Europe's salvation. "The league has assumed a trusteeship over shaken nations and although still in its swaddling clothes is performing a mission that is of untold value to the world," he said. "America must join with the other nations in this undertaking."

Mr. Cox declared the Democratic party's future was never brighter or more hopeful than at the present time. "The seven million majority against the party in 1920," he said, "has melted away completely."

### Widow of Slain Doctor Takes Own Life; Third of Tragic Series

NEW YORK, April 14.—Mrs. Anna Glickstein, widow of Dr. Abraham Glickstein, who was shot to death by Mrs. Lillian Haisen December 10, 1921, was found dead at her home in Brooklyn early today. The woman apparently had committed suicide.  
The suicide of Mrs. Glickstein is the third death in a tragic series which began in December, when Dr. Abraham Glickstein, a prominent Brooklyn practitioner, was slain by a woman who had been admitted with other patients to his office. The shooting was

### WIFE LEAVES EXPLANATION OF HER CRIME

Husband Blames Seance for Murder and Attempted Suicide  
**WRITES MANY PAGES**  
Believed She Could Guide Mate Better From Place in Heaven

NEWARK, N. J., April 14.—Mrs. Maud Fancher, who swallowed poison yesterday after slaying her baby son, Cecil Raymond, hoped to guide her husband to happiness as an emancipated spirit. She is at death's door in the city hospital.  
The story of her belief in spiritualism was told in the three letters—one of 20 pages written before she took the poison, one after the baby's death and the third as she was half-conscious.  
Mr. Fancher said that soon after they were married three years ago he and his wife attended a seance and both talked to their dead parents. Since that time, he said, Mrs. Fancher had taken a great interest in spiritualism.  
**BLAMES SEANCE**  
"That seance," he said, "put the whole idea into her head. She thought she could do better for me if she were dead, and would guide me from heaven."  
Mrs. Fancher's health had been very poor since the birth of their son and she felt, the letters indicated, that her death would relieve her husband of a severe handicap. She took the baby's life because she could not bear to think of some one else caring for the baby, she said.  
"Dear my heart is breaking at leaving you and you love me by so, too," she wrote, "but remember you are to get yourself another son and a sweet one, too, for I am going to guide you until you do."

### AUTOMOBILE KILLS FAMOUS COLLIE DOG

PROVIDENCE, R. I., April 14.—Providence Edna, famous collie, valued by its owner, Robert Mogel, of this city, at \$5000, was killed by an automobile in front of her master's house. The dog once was called the greatest collie of her sex in America. In a long show career she had won more than \$2000 in cash prizes and 25 silver cups valued at nearly \$10,000. She had been defeated but once in a bench show.  
She was slain by Dr. Harry Bascom's international champion, Seedy Singlar, whose body is preserved in a municipal museum here.

### NO SLEEP IN SPIRIT WORLD, WOMAN SAYS

CHICAGO, April 14.—There is no sleep in the spirit world and there is no escape from hard work, according to speakers before the twenty-fourth annual convention of the Illinois State Spiritualists' association, which convened here Thursday.  
"Over there," said Mrs. Maggie Waite, who claimed 22 years' experience in spiritualism, "the spirits work as they work here. They have merely advanced to a higher plane, the highest of which—bringing complete happiness—is the seventh."  
Husbands and wives are joined in the spirit world if they have been spiritual mates, Mrs. Waite said. In case a man had two or more wives on earth, she explained, the spiritual mate becomes the spirit wife. The others, she said, existed in a sort of "sisterly affection."

### DOG CALLS HELP TO SMOTHERED YOUTHS

TOPEKA, Kan., April 14.—The frantic digging of a small white dog, who had been buried in a cave in led Thursday to the discovery of the bodies of three school boys, who had been killed when a boy scout tunnel in the banks of Ward creek in the western part of Topeka caved in.  
The dog was seen by six tramps who a few hours before had talked with the boys while they were eating their lunch in the cave. After digging out one body they called for help and the other two were recovered. About a ton of dirt had covered the bodies.

### TRIO ON ROAD BOARD TOLD TO GIVE UP POSTS

Gravel Pit Lease Disclosures Believed Cause of Drastic Order  
**PICKING SUCCESSORS**  
Salt Lake County Auditor Resigns; Deputy Is Accused

SALT LAKE CITY, April 14.—Governor Charles R. Mabey today requested the resignations of N. C. Poulson, George D. Casto and Ira R. Browning as members of the state road commission. Lack of harmony among the commissioners relative to road work was assigned as the cause for the request. The governor said he expected to appoint successors immediately.  
**NO STATEMENT**  
Governor Mabey gave out no statement of reasons which caused him to request the immediate resignations of the three officials.  
It is known in capital circles that there had been a decided lack of harmony and Republican party leaders had urged a change.  
Whether the recent leasing of the state gravel pit at Jordan Narrows, about which there were so many disclosures and many columns of publicity was the reason, was not intimated.

It was reported in official circles that the lack of harmony in the road commission was a block in the way of the early resumption of road building activities.  
Mr. Poulson resigned his position as mayor of Springville to take his position on the road commission last May.  
Mr. Casto is a resident of Logan. Mr. Browning was the Democratic member of the commission.  
It was learned that the successors of the three have been agreed upon by Governor Mabey. Announcement of their names waits only upon their acceptance of the posts. It was declared.

It was learned that the selection of the successors is in the nature of a draft. The governor and his advisors sought the best men for the positions.  
The situation is one in which the office is seeking the man, not the man seeking the office.  
The administration is eager to get the road program under way.  
Howard means, state highway engineer, remains. The clerical force does also.

**ANOTHER SENSATION**  
SALT LAKE, April 14.—County Auditor M. L. Scott, of Salt Lake county resigned today, following disclosures of alleged irregularity in his office, reported to the county commission by Percy J. Goddard, special auditor. The county attorney issued a complaint against E. C. Whippman, deputy county auditor, charging him with forgery.  
About \$1200 is involved in the alleged shortage. Whippman was assigned and furnished bond, with the setting of the case to be made later.

### RENO RUM SELLERS TRICKED BY MAKEUP

RENO, April 14.—Iszy Einstein's stuff has been revamped and brought west. Two Reno followers of the New York originators of string styles for prohibition agents adapted the methods to the locale, mixing the frontier atmosphere with equal parts of grease paint and false whiskers from the motion picture studios. They dressed as sheepherders.  
They visited three bars and, though they had appeared in their official capacities in all of the places before, the makeup tricked the bartenders, three of whom were arrested for alleged sale of intoxicants.

### Advertise Your Wants

in the Sunday Standard-Examiner classified ad section.  
The cost is small—results are large.

### USE LACE CURTAIN TO CATCH FISH IN PORTLAND

PORTLAND, Ore., April 14.—Crowds of Portland people flock daily to the banks of the Sandy river about four miles from here, to fish for smelt which are now running in that stream.  
Hundreds of automobiles are parked daily along the highways in the vicinity and traffic officers are needed to handle the movement of the cars. The smelt are so thick that persons along the banks get big hauls with all sorts of improvised drop nets, ranging from bird cages to lace curtains.

### ALICE DEFIES ORDERS FROM WOMAN LOBBY

President Harding Sends Word Not to Cut Navy Below \$6,000

WASHINGTON, April 14.—President Harding is understood to have sent a letter to the capitol urging that the navy's enlisted personnel be not reduced below \$6,000. The views of the president were transmitted. It was said, to house members standing for an amendment to increase the 67,000 personnel of the navy bill.

Changing their plan at the last moment, house members leading the move for a naval enlisted personnel of \$6,000, made no attempt at the opening of the house today to force over until next week a vote on the contested section.  
Less than 100 members were on the floor when the reading of the bill was begun, a big part of the membership being absent from Washington for Easter.

### ALICE IS DEFIANT

Miss Alice M. Robertson, Republican of Oklahoma, only woman member of the house, during a ten-minute speech on the bill, declared women, sad-visors to the arms conference delegation, had helped fix the 5-5-4 ratio below which she, as a woman, thought congress should not go in fixing the enlisted strength of the navy. This remark, taken by the bloc favoring a \$6,000 maximum, as endorsement of their stand, brought a round of cheers.  
Announcing she had just received "orders" from the American Association of University Women to support the small navy program, Miss Robertson attacked the organization "as the most powerful lobby in Washington" and declared she did not intend to heed the association's "orders."

### ABUNDANT WEALTH DUE IN TWO YEARS

SAN FRANCISCO, Calif., April 14.—Dreams of the disposal of millions and millions in faraway wealth are more than a pleasant vagary for Miss Delora Angell, of Pasadena, Calif., who arrived in San Francisco Thursday from a vacation trip to the Hawaiian Islands. Miss Angell is 19 years old and in two years will come into possession of \$25,000,000 or more left by John W. Gates of "Bet-a-Million" fame. She has very definite plans for disposal of the fortune. She means to marry some young American surgeon who wants to maintain a hospital for the poor. This much she disclosed to interviewers. But she did not name the young surgeon nor did she indicate that his name is known to her.
